All applications are to be submitted via the European R4BP (Register for Biocidal Products) platform managed by the European Chemicals Agency (ECHA). It offers features that enable industry and the authorities to comply with the legislative requirements and exchange information with each other.

- Access to the R4BP: <https://r4bp.echa.europa.eu/r4bp-web-industry/> 
- Link to the user manuals: [ECHA submission manuals](#) 

For all questions relating to the functioning of the R4BP, please contact the ECHA helpdesk: <http://echa.europa.eu/web/guest/contact>
