- **Web host** : SGBD Product

The website has been developed avec the freeware Joomla! under GNU/GPL licence.

- **Conditions of use**

This website is designed to supply general information on biocidal products coordination, within the framework of the public information missions attributed to ANSES.

ANSES makes every effort to correct any mistakes identified and that information on the website reflects the state of current knowledge.

Information related to biocidal products coordination contained in the website is not an official opinion of ANSES expertise or a professional opinion.

- **Use of personal data**

Personal data received when an individual contacts the Agency are never shared with third parties. In compliance with the French Law on Computer Technologies and Civil Liberties of 6 January 1978 amended, you have the right to access and rectify any and all personal data concerning you. You may exercise this right by contacting ANSES's computer technologies and civil liberties liaison directly by email at: [saisine-saj@anses.fr](mailto:saisine-saj@anses.fr). You also may, with legitimate reasons, revoke your consent to the processing of all data concerning you.

- **Use of data**

The information found on the [www.helpdesk-biocides.fr](http://www.helpdesk-biocides.fr) website is made available to the public. This information is protected by the Berne Convention for the Protection of Literary and Artistic

Works, by other international agreements and by French national laws on copyright and derived rights.

Any private, public or commercial use of information from helpdesk biocides website must identify ANSES as the source of the information used in addition, where applicable, to any partner sources. Accordingly, all public information taken from the helpdesk biocides website and copied, translated or reused in any form must be reproduced faithfully, without altering meaning, and the date of the most recent update must be mentioned.

All data or information taken from the helpdesk biocides website must therefore be reproduced in full, without any modification or addition, and without any associated advertisements. The data must be also be freely downloadable. The reproduction of data must not give the impression that ANSES participates in or endorses in any way the activities of the user, regardless of the form or media used.

ANSES's logo is a protected and registered trademark with limited authorised use. All requests for use of the logo must be submitted to ANSES and express written authorisation from the Director General of ANSES is required in order to use it.

Person in charge of administrative access to all documents and questions related to the use of publicly available information: Manuelle Vertot.

### - **Creating links**

All public and private websites, with the exception of those featuring controversial, pornographic, sectarian or xenophobic information, are authorised to create a link to helpdesk biocides home page or directly to information displayed by helpdesk biocides website without prior authorisation. However, pages from helpdesk biocides website may not be included within the pages of another website under any circumstances. Everything must clearly indicate to Internet users that they are on helpdesk biocides website and are able to browse freely therein.

In all other cases, and in particular:

- if helpdesk biocides website contents are to be integrated into the requesting website,
- if access to the pages containing the link to helpdesk biocides website is not free of charge,

a request for authorisation must be sent to ANSES.

ANSES reserves the right to request that any link be deleted which it considers non-compliant with its publishing policy or which may be detrimental to its image, without prejudice to any subsequent lawsuit which might be brought before a court of the competent jurisdiction.

For its part, ANSES only creates links to public websites and is in no way responsible for the links which are created to its own website.

Should you create a link to helpdesk biocides website, please inform us.

### - **How to download our publications**

Our documents are presented in PDF, Word and Excel formats. The proper dedicated software is required in order to download them.

Documents in PDF format: [Adobe Acrobat](#) Reader 6.0 software (for MAC and PC). This software enables you to read .pdf documents. You can download it free of charge from the Adobe website: <http://www.adobe.com>

### - **Warning**

In compliance with the provisions of Article 2 of the Constitution of France adopted on 4 October 1958, French is the official language of the French Republic. While many of the texts posted on this website are translated into English to facilitate the exchange of scientific information, they have originally been drafted in French; therefore only the French-language versions of these texts are to be regarded as authoritative.
