

## Family of products

Written by DPR Biocides - Anses - Last Updated Thursday, 07 July 2016 16:26

---

A product family is defined in Article 3.1.s) of Regulation (EU) No 528/2012 as a group of biocidal products having similar uses, the active substances of which have the same specifications, and presenting specified variations in their composition which do not adversely affect the level of risk or significantly reduce the efficacy of the products.

## Regulations

Chapter I, Article 3(1) point "s", and Article 19(6) of Regulation (EU) No 528/2012

## Timeframe

Timelines similar to those defined for obtaining a national MA.

## Fees payable to ANSES

- Regardless of the application: 200% of the amount of the application
- For example, for a first family MA:  $2 \times 40,000 = 80,000$  euros
- For example, for mutual recognition of a family:  $2 \times 15,000 = 30,000$  euros
  
- For an administrative change to the family: 800 euros
- For notification of new product belonging to the family: 800 euros

## Composition of the dossier

- See the type of application concerned.

## **Family of products**
